## Professional Summary

Frontend Developer with hands on experience building responsive and user-friendly web applications using Vue.js, HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, and state management tools such as Vuex and Pinia. Experienced in developing real world projects including e commerce platforms, admin dashboards, and event websites. Strong team player with a growth mindset, reliable work ethic, and passion for learning and delivering high quality digital solutions.

## Technical Skills

**Frontend:** HTML, CSS, JavaScript, TypeScript, Vue.js

**State Management:** Vuex, Pinia

**Styling:** Tailwind CSS, Bootstrap

**Tools:** Git, GitHub, VS Code

**Concepts:** Responsive Design, Reusable Components, Cross Browser Compatibility, Form Validation, Basic API Integration

## Professional Experience

### Frontend Engineer

**Complanet Technologies** | Jan 2025 – Present

- Developed responsive user interfaces using HTML, CSS, JavaScript, Vue.js, and Tailwind CSS.
- Collaborated with designers and backend developers to implement UI features and improve usability.
- Fixed UI bugs and ensured cross browser and mobile compatibility.
- Converted design mock-ups into functional and reusable frontend components.
- Participated in team discussions and code reviews to improve product quality.

### Frontend Engineer (Intern)

**Hagital Consulting** | Feb 2024 – Dec 2024

- Built and maintained web pages using HTML, CSS, JavaScript, and Vue.js.
- Implemented responsive layouts and improved user experience across devices.
- Assisted with integrating frontend interfaces with backend APIs.
- Worked on real client projects under supervision and met project deadlines.
- Improved debugging and problem-solving skills through daily development tasks.

## **Marketing Associate**

**Wema Bank Plc** | Aug 2023 – Jan 2025

- Managed customer relationships and provided financial solutions to clients.
- Supported digital banking initiatives and assisted customers with online platforms.
- Collaborated with internal teams to promote banking products and improve customer engagement.
- Developed strong communication, reliability, and problem-solving skills in a fast-paced environment.

## **Software Engineer Intern**

**MOMAS Electricity Meters Manufacturing Company Ltd (MEMMCOL)** | Jan 2016 – Dec 2016

- Maintained and updated existing internal web applications.
- Developed basic internal web tools to support company operations.
- Assisted senior developers with testing and debugging tasks.

## **Selected Projects**

**Exclusive – E Commerce Website - Live Demo**

**Technologies:** Vue.js, Vuex, Pinia, Tailwind CSS

- Developed a full featured e commerce web application with product listings, cart, and checkout interface.
- Implemented global state management using Vuex and Pinia for cart and user interactions.
- Built reusable UI components for products, navigation, and filters.
- Ensured responsive design and smooth user experience across mobile and desktop devices.

## **GetChange – Admin Dashboard for Staff Management - [Live Demo](#)**

**Technologies:** Vue.js, Tailwind CSS

- Built an admin dashboard to monitor and manage staff activities and task status.
- Designed data driven UI components such as tables, forms, and status indicators.
- Implemented dynamic content rendering based on user actions.
- Improved usability through structured navigation and mobile responsive layout.

## **Royalty Ladies – Event Registration and Merchandise Website - [Live Demo](#)**

**Technologies:** Vue.js, Tailwind CSS, JavaScript

- Developed an event website allowing users to register and order event merchandise.

- Built interactive forms with validation to improve user onboarding experience.
- Created reusable components for event details and product display sections.
- Optimized UI for mobile users, supporting high traffic from phone devices.

## Personal Portfolio Website - [Live Demo](#)

**Technologies:** Vue.js, Tailwind CSS

- Designed and built a personal portfolio to showcase projects and technical skills.
  - Implemented clean and modern UI layout using responsive design principles.
  - Integrated contact and project sections for easy recruiter access.
- 

## Education

**BSc Computer Science** – Crescent University, Abeokuta (2020–2022)

Grade: Second Class Upper (2:1)

**HND Computer Science** – Moshhood Abiola Polytechnic, Abeokuta (2013–2018)

Grade: Upper Credit

---

## Certifications & Training
